

OKRVA Scholarship for Officials

The Oklahoma Region Volleyball Association's Board of Directors wishes to secure additional officials for the upcoming club season and cover all upfront costs.

Officials new to USAV and OKRVA or those coming off a long absence of club volleyball officiating will be reimbursed all fees associated with OKRVA, USAV, and the background check in exchange for completing the online training.

In addition to the online training, a couple of opportunities for training during live matches will be made available as well starting early December in Tulsa at practice matches for clubs, December 12 at ORU (13 & under aged teams), December 12 at OKPWP (14/15 aged teams) or December 17 in Stillwater (11/12s-13s).

We are specifically looking for refs to start working January 8-9 for compensation. There are numerous tournaments taking place in Oklahoma and surrounding states where officials can make \$300 to \$400 or more in a weekend and up to a couple of hundred dollars at a few one day events. Officials are needed in Tulsa almost every weekend January through April. OKC has a handful of events as well.

OKRVA will cover all upfront fees in exchange for the completion of the online training. Please consider this opportunity and reach out to darin@okrva.com for further information and to receive the next steps for the online training.
