

OKRVA Scholarship for Officials

The Oklahoma Region Volleyball Association's Board of Directors wishes to secure additional officials for the upcoming club season and cover all upfront costs.

Officials new to USAV and OKRVA or those coming off a long absence of club volleyball officiating will be reimbursed all fees associated with OKRVA, USAV and the background check in exchange for completing the online training.

In addition to the online training, opportunities for training during live matches will be made available starting in early December in Tulsa and/or Stillwater at practice matches for Clubs.

There are numerous tournaments taking place in Oklahoma and surrounding states where officials can make \$300 or more in a weekend and up to a couple of hundred dollars at a few one-day events. Officials are needed in Tulsa almost every weekend from January through April. OKC has a handful of events as well.

OKRVA will cover membership fees in exchange for the completion of the online training. OKRVA will also provide officiating equipment such as whistle, red/yellow cards, flipping coin, net chain, ball gauge, referee bag. Please consider this opportunity and reach out to Margo Juergens, OKRVA Officials Chair, (margojuergens@att.net) for further information and to receive the next steps for the online training.
